Liz Pasqualucci and Cathy Barnes are in the process of redoing the Parent to Parent Handbook, updating tourism information, and informing new parents of the current work service and community service requirements for graduation. If anyone has pertinent information for the handbook that new parents would find of value, please contact or email Liz (cmliz@hotmail.com) and/or Cathy (rgbarnes1@aol.com).

D. **Food Committee: Tammie Harding (absent)**

Bob Hernandez gave an update report on the food contract for next year. Arbor was awarded the contract for next year. It is a three contract with a one year renewal. With the help of the consultant funded by the PAC, IMSA was able to secure a more detailed and comprehensive contract for the next three years, and the students should be able to notice an improvement even though Arbor continues to be the food company. Other companies who bid on the contract were not as qualified as Arbor, and the contract is awarded to the lowest bidder.

The remodeling of the cafeteria was also discussed by Eric McLaren. Plans have been completed and the cost is approximately $130,000. Funding for this project has not yet been determined. Perhaps a joint effort between the PAC/IMSA would be possible. This issue will be discussed in full next year.

E. **Technology: Mike Doyle**

The committee has had a very successful year and is looking great for next year. A strong and committed relationship has been made between committee members and IMSA faculty. Just a few of the accomplishments this year have been:

1. providing IMACs and digital cameras for the Granger Lab,
2. 14 new PC’s have been committed for the Res Halls - 7 purchased by the PAC and 7 by IMSA
3. increased communication network among parents/IMSA has been established;
4. Activities Bulletin Board established by Wayne Schneidman; and
5. a continual-updated parents’ web site, also maintained by Wayne.

Mike thanked his committee members and a huge applause went to Wayne for his hours and hours of work he has done this year for the PAC. He has agreed to help with the transition for next year, but the PAC will greatly miss him. His extraordinary dedication and expertise has made it difficult to fill his shoes. The PAC thanked him for all his work.
VII. Other reports:

A. Student Council - no report

B. The Senior Dinner is coming along nicely, and more volunteers are needed if you are interested.

VIII Old Business:

A. Lighting request: Nancy Gables - see report

In reviewing the funding for additional lighting for the dorms, it was noted that $2000.00 was returned to the PAC from Amy Burnett that was not needed for additional activities for the students.

In March, funds for the first lighting proposal was denied. Another motion was made by Wayne Schneidman and seconded by Liz Pasqualucci to provide additional lighting for 10 wings, which with the lighting already previously installed, would be bring sufficient lighting to a total of 4 dorms. The cost for additional lighting would be $4,320. Discussion was held.

Liz Pasqualucci presented a proposal and made a motion to fund lighting for the res halls. It was requested that the PAC purchase part of the lights this year and then the rest after the beginning of next year's school term. The motion was seconded by Wayne Schneidman. Following discussion, a vote was taken, motion carried with one abstention.

B. Senior Activities

There was a funding request that the money allocated to Amy Burnett for transportation and never used be redirected for the end of the year Senior activities such as the lunch picnic and food for the Senior Dance. Motion seconded and a vote passed unanimously.
