The system will soon be generating interims, transcripts and grade reports. The next step will be online applications for prospective students.

She noted that the balance left from last year’s budget was due to tabled requests from last spring. Michele Whetstone has presented proposals for using the balance to purchase an elliptical machine for the fitness center, fund supplies for the new poster printer for one year, and support a stipend for fitness center staff. Janet said she would ask for approval of the purchases and the new budget at the end of the meeting.
